COMMITMENT POLICY

OUR THREE COMMITMENTS TO YOU

A commitment between two people builds trust. RR Dentistry has three important commitments to you, our patients. We realize the institution of these commitments may be different from what you may have been accustomed to in other dental practices; however, we believe these commitments are necessary in building the trust it takes for us to successfully work together.

Commitment to Treatment

Dental disease is nearly 100% preventable. Therefore, we believe all treatment begun should be completed. We will deliver the best dental care we are capable of delivering to you, and we ask you care for your dental health on a daily basis to the best of your ability. Incomplete treatment leads to unnecessary problems and complications, such as pain and the loss of teeth. It also leads to more advanced disease which unnecessarily adds to your cost and can lead to a breakdown in communication between the two of us. We understand you likely want as little dentistry done in your lifetime as possible. Help yourself achieve that goal by following through with your dental plan.

Commitment to Appointment

We will reserve time especially for you in our schedule. We will give you our utmost attention and care, and will rarely keep you waiting. An appointment scheduled in our office is a bond of trust between us. We will be here to serve and focus on you, and you will be on time and prepared for your appointment.

Commitment to Financial Considerations

We believe we have a responsibility to use our best professional care, skill, and judgment in helping you achieve your dental health goals. As we have stated above, we believe dental disease is nearly 100% preventable. We will deliver the best dental care we are capable of delivering to help you attain your goals. In return we expect you to take responsibility for the cost of treatment and to make arrangements with us to pay for services rendered.
